Skills

I'm a Web Developer who tries to build things from scratch. I am a highly self-motivated person and I believe in "Work is Worship". Once I commit myself to a particular task, I make sure I finish it without compromising on the quality.

Key Skills:

- Design, Develop and Deploy an app from scratch to one.
- Implementing new features on existing projects.
- I love to learn new technologies if needed.

Technological Skills:

- JavaScript, ReactJS, Typescript
- Front-End with HTML, CSS, Javascript, ReactJS, Redux.js, Next.js
- Frontend UI with Bootstrap, Material-UI
- Backend with Node.js, Express.js
- Worked with MySQL, MongoDB
- Worked with tools like Git, Github, VS Code, JSON, Markdown
- Has some knowledge on C, Java, Python

Projects
